

## Our Story...

Established on October 1, 1988, **Home-Mart Inc.** has been in business for over twenty years. Home-Mart's founders, Doug and Millie Gorman, first began their association with the manufactured housing industry in 1971. They were so pleased with their first home—a 12x60 mobile home—that Doug soon found himself accepting a sales position with the company where they had purchased their home. During the next 17 years, Doug and Millie gained extensive experience in both the wholesale and retail segments of the manufactured housing industry before opening Home-Mart in Tulsa.

Consistent with Home-Mart's policy of **"Open Doors, Posted Prices,"** the model display homes are unlocked for the customer's convenience and the price is posted on the refrigerator in every home. Customers are free to shop at their leisure and to examine any homes they wish to see.

Through the years, several independent consumer, business and trade associations have recognized Home-Mart's tradition of excellence. A sampling of Home-Mart's awards include:

**Excellence in Service Award and Honor Roll Member**  
*Awarded by the Better Business Bureau*

**Small Businessperson of the Year Award**  
*Awarded by the Tulsa Chamber of Commerce*

**National Retailer of the Year Award**  
*Awarded by the Manufactured Housing Institute*

As its awards demonstrate, Home-Mart is a locally owned, customer-friendly organization where you can...

**shop with confidence.**
