A native of California, I played football on scholarship at Northern Arizona University where I graduated with a dual major in Marketing and Psychology. I worked in the cell phone industry for several years before relocating to Tulsa to be closer to family.

In September of 2010, I began working at Home-Mart, Inc. I soon realized I could make a difference in people's lives by helping families find affordable housing. As I studied home construction in general, I came to appreciate manufactured housing for its strength and durability. In fact, I learned that according to a University of Georgia study, manufactured homes have essentially the same life expectancy as site built homes.

Home-Mart's slogan is Open Doors, Posted Prices, Shop with Ease at Home-Mart. Our goal is to provide a customer friendly atmosphere where you can select your home from the wide variety of floor plans available at Home-Mart.

If you have any questions, I will be happy to help you answer them. Please contact me at mj@homemart.us or at one of the telephone numbers listed above.
